Directors' Quarterly Review Report

On behalf of the Board of Directors of National Bank Modaraba Management Company Limited (NBMMCL), the Management Company of First National Bank Modaraba (FNBM), I am presenting the quarterly report, together with un-audited financial statements of FNBM for the quarter and nine months ended March 31, 2020.

During the period under review the focus of management remained on recovery, particularly from the classified portfolio, where various means are being employed, including legal suits as well as negotiation for settlement etc. On the operations side the total income figured to Rs. 10.889 Million in the nine months under review as compared to Rs. 17.174 Million in the corresponding period last year. The operating expenses stood at Rs. 11.8 Million almost at the same level when compared to the corresponding period last year. The net result was a loss of Rs. (14.980) million as against a Rs. (24.240) Million in the corresponding period. The loss per certificate stood at Rs. (0.60) as compared to a Rs. (0.97) in the corresponding period.

The only liability against financing, amounting to Rs. 217 Million, is of RF line from the parent bank NBP which has expired on October 31, 2019. The renewal of the line and deferral in mark-up till NBP's implementation of its decision of June 22, 2018 of recapitalization of FNBM by Rs. 300 Million has been requested. In anticipation of NBP's approval the mark-up therefore has only been accrued up to the expiry date of the facility.

The Board would like to take this opportunity to thank its valued certificate holders and clients for their patronage and consistent patience. Besides, the Board extends its sincere gratitude to Registrar Modarabas, SECP and NBFI & Modaraba Association of Pakistan for their continued guidance and support.

For and on behalf of the Board

National Bank Modaraba

Director

Director National Bank Modaraba

Chief Financial Officer National Bank Modaraba

NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION (UNAUDITED) FOR THE NINE MONTHS ENDED MARCH 31, 2020

Note 1

Legal Status and Nature of Business

1.1 First National Bank Modaraba ("the Modaraba") is a multi-purpose, perpetual and multi-dimensional Modaraba formed under the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and Rules framed thereunder. The Modaraba is managed by National Bank Modaraba Management Company Limited (a wholly owned subsidiary of the National Bank of Pakistan (NBP)), incorporated in Pakistan under the repealed Companies Ordinance, 1984 (now the Companies Act, 2017) and registered with the Registrar of Modaraba Companies. The registered office of the Modaraba is situated at Ground Floor, National Bank of Pakistan, Regional Headquarters Building, 26-Mc Lagon Road, Lahore.

The Modaraba is listed on Pakistan Stock Exchange Limited (PSX). It commenced its operations on December 4, 2003 and is currently engaged in various Islamic modes of financing and operations including ijarah, musharaka and murabaha arrangements.

1.2 Going concern assumption

During the nine months period ended on March 31,2020, the Modaraba made loss before 'Modaraba Company's Management Fee' of Rs. 14.980 million. As at the reporting date, its current liabilities exceed its current assets by Rs. 92.449 million (2019 - Restated: Rs. 115.458 million) and its accumulated losses amounted to Rs. 337.652 million (2019 - Restated: Rs. 322.513 million). Resultantly its net liabilities have exceeded its net assets by Rs. 43.693 millions as of the reporting date. Further as referred in Note 15, the short term running finance facility from NBP has expired on October 31, 2019 and in anticipation of NBP's renewal with deferment of mark-up the modaraba has not provided for finance cost on outstanding facility for the month of November to March esimated at Rs. 13,020,461 if calculated at the previous mark-up of the expired facility.

In purview of consistent losses the Registrar Modaraba has issued a show cause notice to the Modaraba as to why should the proceedings to wind up the Modaraba not be initiated in terms of Section 23(1)(ii)(b) of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980.

National Bank of Pakistan has resolved in its meeting of Board of Directors dated June 22, 2018 to review and reverse its earlier decision of the cessation of the business of the Modaraba and recapitalize the Modaraba by injecting Rs. 300 million. In its extraordinary general meeting of certificate holders dated November 30,2018, it was resloved to issue 30 million certificates of Rs 10 each, valuing Rs 300 million in aggregate, to NBP, as otherwise than right issue.

The Securities and Exchange Commission of Pakistan (SECP) has accorded its approval on December 03, 2018 for issuance of further certificates, other than right to NBP. Consequently, on January 23, 2019 NBP applied to SBP seeking approval of injection of Rs 300 Million in the equity of the Modsaraba. The approval of injection of equity through the aforementioned arrangement is awaited from SBP.

Furthermore, the Registrar Modaraba in exercise of powers conferred under Section 23(1)(ii)(b) of the Modaraba Companies and Modaraba (Floatation and Control) Ordinance, 1980 and show cause notice reffered in previous paragraph, has passed an order dated October 31,2019, for filling an application for winding up before the Modaraba Tribunal Lahore.

The accumulated losses are due to the provisioning of non performing portfolios. These provisions amount to Rs 333.04 Million and have been recognised as per the requirements of prudentical regulations applicabale to the Modaraba. The Management is confident that these provisions would get reversed on recoveries from classified clients.

However, in the absence of fresh equity, uncertainity of timing and extent of recoveries from non performingporfolios as of the reporting date and execution of business plans as intended by the management, the above factors indicate the exeistence of material uncertainty that casts sifnificant doubts about Modaraba's ability to continue as a going concern, and therefore, it may be unable to realise its assets and dicharge its liabilities in the normal course of business.Therefore, these financial statements have been prepared on the basis of estimated realizable / settlement vales of assets and liabilities respectively.

Note 2

Restatement of Condensed Interim Financial Statements

4.1 Rectification of Prior Period Error

The Modaraba has corrected its financial statements in respect of error in calculation of value of its short term investments. The error has been corrected with retrospective effect in accordance with the requirements of IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and comparative figures have been restated.

- 4.1.1 The Modaraba had incorrectly capitalized the transaction price in investments classified as fair value through other comprehensive income (previously investments available for sale). The transaction price should have been charged to profit and loss in accordance with the requirements of IFRS 9 (previously IAS 39).
- 4.1.2 The Modaraba has calculated fair value of investments at fair value through other comprehensive income (previously available for sale investments) incorrectly in the prior periods which is being rectified now to correct this error with retrospective effect.
- 4.1.3 There was a typographic error in quarterly profit & losss account of March 31, 2019 on account of Managemen fee which has now been corrected in the corresponding quarterly figures.

The effect of rectification of prior period errors and corresponding change in balances is as under:
